School Budget Tentatively Set For Next Year

Public Hearing Scheduled Monday, August 6, In Truckee

A tentative budget for the 1951-52 fiscal year has been set up for the Tahoe-Truckee Unified School District, including four elementary and one unified high school, according to figures submitted by Albert Bequette, Placer County schools superintendent.

W. A. Loynd, president of the governing board, pointed out that the general tax rate of $1.55, the same as last year, will be applied and that under present plans, the 89 cent rate for bond interest and redemption may be cut to as low as 50 cents per $100 assessed valuation.

The budget, which appears in its entireity on another page of the Sierra Sun today, calls for the following general expenditures:

Administration, including $18,550 in salaries, $20,550.

Instruction totaling $124,390, including certificated salaries of $113,740. This figure is somewhat higher than last year due to salary adjustments and the employment of additional teachers.

Operation of school plant, $32,000.

Maintenance of school plant, $9,500.

Fixed charges, such as retirement fund, insurance, rents, etc., $20,824.

This makes a total of $237,064 for educational purposes.

Other expenditures include $10,000 for food service; $1500, community services; capital outlay of $100,000 which takes in purchase of required land, necessary building and equipment. The budget provides for an undistributed reserve of $158,076.04.

Estimated Income

The largest single item of income will be from current district taxes to total $245,606.80. The state will refund $58,354.10, based on the anticipated average daily attendance of 454, and will provide $22,278.83 of the $29,800 transportation cost. The unsecured tax roll will bring $5,116.46 and the forest reserve will add another $5,000.

With the beginning balance on hand totaling $159,479.85, plus the expected income from all sources of $347,160.19, $506,640.04 may be available.

A public hearing on the budget will be held Monday, August 6, at 8 p.m. in the Truckee Elementary School.

May Be Revised

The school budgets for 1951-52 have necessarily been based upon an estimated assessed valuation. This has a tendency to increase the amount to be raised by district tax, undistributed reserves and the total budget of most districts, Bequette explained.

Figures on the public utilities assessments, which constitute a very large portion of the assessed valuation of many districts in Placer County, could not be relied upon to give an accurate determination of income. This was caused by the recent 14 per cent reduction in these assessements made by the state board of equalization and the ensuing legal dispute which had not been ruled on by the attorney general by the time publication of the budgets was required by law.

The school district budgets will be revised after the attorney general hands down a ruling regarding legality of the reduction of the public utility assessments. The tax rates as published will remain constant but the income in most cases will be reduced, thereby reducing the amount to be raised by district tax, the undistributed reserves and total budget of most school districts.

Mrs. Smith Receives 50-Year Lodge Pin

Mrs. Dan D. Smith was presented with a 50-year membership pin at the regular meeting of Naomi Rebekah Lodge No. 2 last night. The refreshments committee included Lucille Bick and Winifred Kamp.

Accident at McIver's Fatal to Vacationist

Harry Lee Voss, 66, Duarte, died in a Reno hospital last Thursday a week after being injured in an automobile accident near McIver's turn in west Truckee. He and Mrs Voss were en route to Reno on a vacation when the car left the highway.

Bill Ramsey of Sebastopol, grand son of Mrs. A. E. Burlingham, has joined the navy and is stationed at San Diego. The young man, who has spent his summers here, is realizing an ambition of long standing by his enlistment.

New Industry Is Being Studied In Truckee District

Truckee may be in line for a new and rather novel industry.

E. E. Boehm, Truckee District ranger for the Tahoe National Forest, revealed this week that he has been conferring with an official of the Hercules Powder Company who was seeking a suitable location for a plant to distill pitch from pine stumps.

Boehm was advised by the representative that as much as 500 to 800 pounds of pitch, valuable in making certain types of explosives, can be extracted from each full grown stump. Two sections in the local area were allocated to the company and 1800 tons of stumps will be shipped to Ohio for experimental tests before the company makes a definite decision on installing a plant here, Boehm was told.

At present, the local ranger was advised, a similar plant to the one proposed for the Truckee district is in successful operation near Klamath Falls, Oregon.

SANITARY BOARD OUTLINES NEEDS IN NEW BUDGET

The Truckee Sanitary board has submitted a tentative budget to the board of supervisors which calls for a total expenditure of $5580 for the coming fiscal year An estimated income of $1200 aside from taxes is anticipated.

The budget calls for the following items: board members, $900; assessor, $180; clerk, $750; plant maintenance, $1200; tractor and truck payments, $750; land acquisition, $400; legal fees, $900; emergency repairs, $500.

Region's Drinking Water Being Tested by State

An official report on the domestic water supply in this area is expected soon from the state department of public health.

A mobile unit from the department was here this week taking samples from various sources to be tested. The unit is also making a tour of the Lake Tahoe and Donner Summit areas for the same purpose.

Three Logging Trucks Cited for Over-Width

Drivers of three logging trucks plying between this area and Reno were cited Tuesday morning by State Patrolman T. F. Sheehan, charged with hauling over-width loads.

The trucks are owned by John Breckenridge, Alton Jacks and Walter J. Mahan, all of Reno. The latter was driving his own truck and William Martin and Kenneth Ray Bennetts were the other two drivers. Owners will appear before Justice of the Peace F. W. Wilson.

Two Drivers Charged With Drunk Driving

Two drivers were jailed yesterday by State Patrolman Roy Stallard and will face Justice of the Peace F. W. Wilson on charges of drunk driving.

Leroy Clements of Oakland was held in the county hospital following a minor accident on Donner Summit and Wills Asley Barnard of Nelson was cited after a minor mishap near Truckee Resort.

Sassarini Asks $50,000 For Accident Injuries

Luke Sassarini has filed suit in the Nevada County superior court for $50,000 damages, naming as defendants Ione and Gene Ilardi and others, as the result of an automobile-pedestrian mishap here last winter. The complaint charges Sassarini was struck and knocked down by a car driven by Mrs. Ilardi as he was on the street here.

Unattended Camp Fire Results in Fine of $100

Claude Andrews, a Grass Valley auto body worker, was fined $100 and $50 was suspended when he appeared before Justice of the Peace F. W. Wilson charged with leaving an unattended camp fire in the White Rock area. He was cited by State Trapper Gil Berg.

Forest Unusually Dry; Fire Danger Reported Critical

Full Cooperation is Needed If District to Escape Major Burn

Forest fire danger has mounted to extreme in the Forest Service charts here, due to high winds and low precipitation.

William Curran, fire control officer, reports that since May 14 only .20 of an inch precipitation has fallen on the Truckee district.

Forest fires in that period have totaled 16—higher than the average. Eight of these were caused by lightning and eight by human carelessness, Curran said. The area burned is, however, much lower than average for that number of starts, with only 66 acres being razed. The latest fire burned over half an acre on July 15 just below Hirschdale. A careless fisherman was blamed for starting it.

Curran says the effective work in suppression is largely due to the cooperation of citizens calling in and reporting fires as soon as they see them. He asks that this cooperation be continued and expanded, that everyone be especially careful when in the woods and that everyone observe, to the letter, the laws and rules pertaining to fires in the forests. This is the only way, he said, that a major forest fire can be averted under existing conditions.

RENO FIRM MOVES HOUSES TO SITE BY NEW SCHOOL

The Bevelacqua Company of Reno has been awarded the contract for moving the four dwellings just north of the Truckee Elementary School, formerly the King houses, to their new location just west of the new high school building adjoining Highway 40. The company is moving one house each day under special permit from the division of highways and the last of the four will be moved in the near future.

The houses will be used by school employees, the district having purchased them from Joe King some time ago.

Two Are Fined $100 Each on Fishing Counts

Trying out unorthodox angling methods may be fun but it can also be costly.

Walter Crowder of Antelope and F. J. Benton of Roseville were fined $100 each in the court of Justice of the Peace Fosten Wilson this week. They were charged with possession of 76 trout between them, having caught them with a hand net in the White Rock Lake district. They were cited by a Sierraville forest officer, and Wardens Gil Berg and Tom Borneman.

Sierra Tavern Is Sold By Walters To Capital Couple

Sale of the Sierra Tavern property to Michael S. and Florence M. Richards of Sacramento was announced this week by A. J. and Mary P. Walters, owners of the establishment for the past four years.

The Walters are selling because of his health and will make their home temporarily at least in Sacramento after a vacation.

The new owners have been in business in Sacramento where they operated the California Club. They are familiar with the work they will assume here and will be welcomed into the Truckee business world.

The property, purchased at an undisclosed figure, houses the four-story hotel, lounge and bar, Loynd's Truckee Drug store and the Truckee Branch, Bank of America.

While the transaction is not expected to be completed before August 15, the new owners may be here in the immediate future to acquaint themselves with local conditions.

The community will sincerely regret the departure of the Walters and hope that his health will improve by the change. At the same time, a hand of friendly welcome will be extended to Mr. and Mrs. Richards.

WEST'S HISTORY IS MAJOR HOBBY OF BERT OLSON

Bert Olson of Los Angeles is vacationing with his family at their home near Homewood and during his spare time, he is retracing portions of the route of the Donner Party across the Carson Sink in Nevada.

Olson, who annually contributes to the preservation of the pioneer western history and lore by searching out ancient landmarks relics and trails, this year is sheriff, or head, of The Westerners an organization of men bent on preserving interesting and authentic western history. The organization publishes books and documents, designs maps and gathers pertinent facts relating to early-day events and characters.

The Los Angeles Corral is one of four associated non-profit groups in the country working on the same general program.

Olson has spent many days each summer searching out traces of the Donners and has followed the trail left by the ill-fated group across the salt flats, desert and mountains. He is currently mapping the route in the Carson Sink and hopes to spend time searching for the Alder Creek camp before returning to Los Angeles.

Morelands Leaving Here To Make Home in North

Mr. and Mrs. Wesley Moreland and children, Joy and Billy, are leaving Truckee next week to make their home in Medford, Oregon. Moreland has resigned from the state quarantine service and is purchasing an interest in a lumber concern near the Oregon city.

Clothing Stolen in Vallejo Is Recovered in Forest

Constable N. F. Dolley and officers of the California Highway Patrol Sunday recovered a large quantity of clothing and personal effects belonging to Mr. and Mrs. Russell G. Cady of Palo Alto Suitcases stolen from the Cady auto at Vallejo were apparently dumped on a little-used forest service road just east of Floriston where they were discovered by Dave Medford of Truckee, who reported the find to the police.

It was at first feared the family may have met with foul play but it was soon revealed that Cady, an airplane pilot, was en route to New York by car when his machine was looted at Vallejo.

Tahoe Sailor Speaker Before Lake Lions

KINGS BEACH— Kjell Rustad of Tahoe City gave an interesting talk on the art of boat sailing at the meeting of the Lake Tahoe Lions Club last Thursday evening Harry Charrison presided at the session held at Hunters Inn.

Auto Accidents Result In Minor Injury To Several

Car Plunges 150 Feet Over Donner Grade, Driver Not Injured

Three motor vehicle accidents within a period of four hours last Friday night kept officers of the highway patrol on the jump, but despite the spectacular aspects no one was seriously injured, Patrolman William Gautsche said.

A car driven by Clarence West, 58, Folsom, plunged off Donner Grade a distance of 150 feet and was completely demolished. A hitchhiker, Frederick Powell, 20, New York, was treated by Dr. L D. Nelson for minor injuries. West, who was not hurt, said his steering mechanism was defective.

An hour later, at 11:45 p.m., a car driven by Walter Raaen, 26, San Francisco, overturned on the highway five miles east of here causing minor injuries to Merrin Cresta, 37, Daly City, and Alice Raaen, 25. Both were treated by Dr. Nelson. Raaen told Patrolman Gautsche that lights from an oncoming car blinded him on a curve. There were eight occupants in the car.

Mario Thomas Bacigalupi, 51, San Francisco, and his passenger, Olyne Johnson, 26, San Francisco, suffered only minor injuries and the former was cited for making a bad pass resulting in a headon collision with a machine driven by Gary Whetton, 17, Ogden, Utah, near Ranbow at 1:15 a.m. Saturday. Wheeton and his sister in law, Mrs. George Whetton, were taken to an Auburn hospital with minor injuries.

LOCAL MINISTER, CANADIAN WILL EXCHANGE POSTS

In an exchange arrangement by the pastor of the Community Methodist Churches of Truckee and Kings Beach, Rev. Ernest Rands, minister of the United Church of Penticton, British Columbia, Canada, will conduct the morning worship services and preaching in both churches during the month of August.

Rev. Rands comes from the largest church in his city and has been in the United States on a previous arrangement of a like nature. All the visitors and friends of the Community Churches are cordially invited to be present at Rev. Rands' services.

Rev. and Mrs. A. A. Carmitchel are leaving next Wednesday to take over the Penticton church and Rev. and Mrs. Rands are slated to arrive that day with their two sons.

Woman Goes to Jail On Vagrancy Charge

Mary Richter, 34, arrested by Constable N. F. Dolley Tuesday, was found guilty of a charge of vagrancy when she appeared before Justice of the Peace F. W. Wilson. She was sentenced to 30 days in the county jail in lieu of a $50 fine.

Sage Hen Laboratory Lions' Speaker's Topic

Prof. Paul R. Needham of the University of California at Berkeley was the speaker at last night's meeting of the Truckee Lions Club. An expert in the field, he spoke on the university's projected fish conservation laboratory on Sage Hen Creek and what will be accomplished there. E. E. Boehm was program chairman and Robert Seibold presided.

Other guests were D. R. Douglas, Salt Lake City; Ed Kaler Sacramento; Harvey Benson, Modesto; Tony Fitch, Palo Alto.

Former Residents—

Dr. and Mrs. Kenneth Overholt of Stockton and former Gateway Park property owners visited R Joseph and family last week.

Hurt in Fall—

Mrs. Annie Tonini fell in her home during the weekend, hurting her spine. Her condition is reported as being improved.

ADVERTISE

Reassessing Of Local Property Is Started Here

A county property reassessment program is being conducted by County Assessor William Tamblyn and this week three deputies John Filler, Vern Gullickson and Les Cicogni, are working in this district on the project.

It was pointed out by the state board of equalization that Nevada County, with a ratio of 30 per cent of tax assessment to market values of property, is below the average of 40 per cent for the state.

Ratios ranged from 24 per cent in Trinity County to 46 per cent in Orange and Tuolumne Counties The board pointed out that if the 15 per cent tolerance is allowed, all counties with assessment ratios no higher than 33 per cent have appeared to adopt assessment practices that do not conform with those prevalent elsewhere.

The present program, as recommended by the state board, will extend over a two year period, Tamblyn said. The work is expected to be completed in this area this week.

CAPACITY CROWDS AT CHURCH HERE REQUIRE 2 MASSES

Father P. J. O'Neill, pastor of the Truckee Assumption Catholic Church, announces that because of the greatly increased attendance at the church during the summer months, it has been found advisable to hold two Masses each Sunday.

The first will be held at 8 a.m and the second at 10 a.m., eliminating the regularly scheduled service at 9:30.

Overflow congregations result from the many visitors vacationing in the area, Father O'Neill said.

Gail Englehart, Two, Is Honoree at Party

Gail Englehart celebrated her second birthdate on Tuesday, July 24, with a party at the home of her parents, Mr. and Mrs. Wm Englehart Jr. Varied colored balloons and tall green candles centered the festive table. After refreshments were served, gifts were opened on the lawn and games were played by the young guests. Those attending were Mrs. Rober Gifford and daughter Edna; Mrs. Lester Braasch and daughters, Leilani and Kathy; Mrs. Maurice Franzini, Mrs. Wm. Englehart Sr. Mrs. Doug Barrett and daughters Kathryn, Sheila, Phyllis and Patricia; Mrs. S. Bologno and daughter, Diane; Mrs. Peter Scribanti and daughter, Carol, of New York; Janice Price, Irene and Merrill Englehart.

Cowboy Hero Theme For Birthday Party

The Hopalong Cassidy theme was followed in the appointments for a dinner party given in honor of the 7th birthdate of Terry Walker by his parents, Mr. and Mrs. James Walker, Tuesday evening, July 24. Korich Team To Meet Locals In Game Here Sun.

Ninth Inning Rally Pulls Locals to Victory By 10 to 9

Baseball managers Dick Little and Tom Dolley have scheduled a game for the local park next Sunday which is certain to create more than passing interest and draw a big crowd.

Mike Korich, former manager of the Mountaineers here, is now stationed with the Navy at Mare Island and is managing a baseball team there, which is expected to develop a lot of interest since Mike's love of baseball and a contest is well known here and at Lake Tahoe, where he resided.

There is no local record of the talent being brought by Korich but it is safe to bet that he will have them on their toes.

In the game last Sunday, Truckee came from behind in the last of the ninth and with a hard single off the bat of Catcher Ernie Dugan, the winning run scored, with Truckee 10 and American Valley 9.

The visitors kept the lead from the first inning up to the last of the final frame, when the score stood 9 to 6.

In the 9th, Billy Campbell, the first man up, walked. Al Wakefield hit a double, scoring Campbell and Frank Giovannoni hit a double to bring in Wakefield to tie the score. Ulsheimer and Stark singled. Foster fanned for the first out and Dugan's single ended the contest. Seven local errors contributed to the early lead held by the visitors.

Karl Kielhofer relieved Louis Goicoa in the sixth inning on the mound after the latter gave up eight hits for six runs. Karl was in good form and allowed only three hits.

Wakefield clouted the only homer and added a triple in his four times at bat. Bob Stark and Dugan each got three for five, Giovannoni hit two for five, a triple and a double, and Ulsheimer and Foster each poled one for five. Goicoa and Kielhofer each got one for two, Kielhofer's being a triple. Davidson and Frates went hitless.

The score:	R	H	E
American Valley	9	9	3
Truckee	10	14	7

Cox, Azavido, and Hamblin, Flannigan; Coicoa, Kielhofer and Dugan.

PUBLIC SHOWING OF MODEL HOME AT DONNER LAKE

The public is invited to inspect the model chalet style home just completed by Rex E. Reid, the designer and builder, on the first street east of Donner Trail Lumber Company in the Donner Lake Development area from noon Saturday to 8 p.m. Sunday night.

The structure, which contains two bedrooms and a sizeable den on the second floor and a 21 by 24 living room, a 10 by 13 kitchen and an 8 by 10 bath on the lower floor, was especially designed by Reid for this country. The house contains many built in features including 48 lineal feet of wardrobe and is heated from a central heating plant.

Buell Honored by Friends At Party on Saturday

Mrs. T. T. Buell was hostess on Saturday night at a garden party at her home honoring her husband on his birthdate. Following the party, a group of more than 40 friends went to Donner Summit Lodge for dinner. The latter event was featured by the cutting of a huge birthday cake.

Preston Fugistive Held Here for CYA Officers

Gene Clasby, 18, who recently escaped from Preston where he was held for car theft in Los Angeles, was apprehended at Ely, Nevada, Sunday and was brought to Truckee to await the arrival of California Youth Authority officers to return him to Preston. His home was at Ely and he was working as a sheep herder when arrested.

Eightsome Celebrates Mrs. Little's Birthdate

Mrs. R. N. Little was feted on her natal date at the weekly meeting of the Eightsome which convened in the home of Mrs. Harold Langille on Wednesday. A cake was presented to the honor guest.

SINGS AT MEETING

NORTH TAHOE
by THELMA BURROUGHS

A regular meeting of the North Tahoe Community Club will be held at the Carpenters' Hall in Kings Beach Friday evening at 8 p.m. Election of officers and other business as might come before the members will occupy the session. Those interested in community progress, please be present with your paid up membership and voting power. "It can be done." Date: Friday, July 27.

On Monday night, July 30, a group of seasonal residents representing a recently formed "Tax Payers League" will meet to protest allegedly high costs of sewage disposal. This group of protesters headed by Mrs. Mooney of Sky Blue Waters.

Dot Kings called me a while back to say that Norman had gone down for a test before entering Uncle Sam's service. Haven't heard the outcome.

Mr. and Mrs. C. L. Patterson of Stockton were up over last weekend for a visit with Cousin Ernie Crawford and his wife, Unadel.

Ann Woodland was also up over the past week with a group of relatives and friends. Ann's beautiful summer home on the shores of North Lake Tahoe is a very popular place.

Mr. and Mrs. Charles Alexander of Chico came up last weekend for a short visit with Greta's Uncle Bob (P. R. Murray) and to accompany her mother, Mrs. Sada Welschke, on a return trip home. The party enjoyed a trip around the lake aboard the Nomad, lunching on the Nevada shore. They say it is a fine trip. Alexander is political science instructor at Chico State College.

Talked with Mrs. Charles Kurt Bock recently. She expressed delight with their summer home at Tahoe. Mr. and Mrs. Bock were up last winter for the first time stopping with The Burroughs. Decided then and there that Lake Tahoe is the place to live, made contacts, purchased the beautiful Luhr's home on Trout Avenue in Kings Beach through Mrs. Bonnie Barnett, and came up for the summer very early. Bock is a CPA in San Francisco.

What does an 11-year-old boy think when he finds himself six miles out on Lake Tahoe's surface at sunset with only a paddle board beneath him, a tummy howling with hunger and no shoreline offering a familiar scene? Especially if it is his first day ever in all of his 11 years to be at Tahoe. Ask Jud Frye of Los Angeles. He knows all the answers. Jud was having a wonderful time trying out that new paddle board on Tahoe's, then, glassy smooth surface when suddenly realization that a great distance separated him from his vacation quarters as twilight encircled his small craft. What could have been more welcome than an obliging offer of a ride to shore in a power driven craft and the company of Russel G. Mills and Joe F. Melcher, both of Reno, who took Jud to Tahoe City, and into the tender care of the fatherly constable, Harry Johanson, who kept him well entertained until the boy's parents, Mr. and Mrs. K. W. Frye, a little more than slightly frantic by that time, could drive from The Burroughs at Tahoe Vista to claim their seafaring son.

SWANEE'S TAHOE LETTER

PHONE TAHOE CITY 39W
Tahoe City, July 22

Dear Tahoeites:

It is indeed gratifying tonight to report that Mrs. George Tiffee, who last week made a plea for blood to replace that used for her transfusions following a recent operation, has found generous donors who will square her debt with the hospital's blood bank. On Tuesday of this week, two local citizens, Don Rich of Bliss Memorial Park near Emerald Bay and Mrs. Ruth Roberson of Edgewater Resort, motor to Washoe Medical Center in Reno ot fulfill the plea made by Mrs. Tiffee. Mrs. Tiffee is most grateful and relieved at their kindness and generosity, and wishes also to thank the many who called to ask if they could help. Which goes to prove just what I've always contended . . . that there is no finer place to live in this world than ths wonderful territory of ours, where neighbors are kindly and every ready to lend a helping hand.

Talk of the town is the AAUW's fascinating and wonderful Hobby Festival which closes tonight (Sunday). It is accurately estimated that approximately 1200 persons paid admission to see the three day display and at least 50 persons a day were admitted without charge, the latter including such as exhibitors, hostesses and other workers. The largest project of its kind ever attempted here, it was roundly praised by all who viewed the large and varied array of beautiful and unusual hobbies, and all agreed it was a "must" as an annual event for our community.

When asked why the hobby show was given, Mrs. Charles Warner, chairman of the committee and the originator of the idea, declared that the Tahoe-Sierra Branch of the AAUW, under the leadership of their president, Mrs. G. E. Lewis of Donner Lake, was desirous of creating a greater interest in the arts and crafts among their neighbors, with the hope it would stimulate a permanent desire to work for the better and finer things in life, even to some day creating an art center in our midst. There was no thought of making money on the project, and even though the attendance record was very gratifying, there will not be a large margin of profit left when the numerous outstanding bills have been met.

I could visit the exhibits for a limited time but I thoroughly enjoyed every minute and wished I could have remained the entire three days. To mention the most outstanding display would be impossible but it was astonishing to find so many of our next door neighbors were blessed with astounding talents and interests, hidden to most of us until we viewed their artistic hobbies. The last count of entrants stood between 85 and 90 and just about every subject imaginable was represented. The dancing on the tennis court sort of went by the boards, because folks just would rather remain at the exhibits. The young folks enjoyed an hour or two Friday and Saturday to the orchestra music but their elders failed to join them in any numbers. Weather was perfect and even the parking problem failed to cause confusion. All in all, it was well handled, well managed and well attended and I certainly concur with the concensus of opinion that it should, without question, become an annual event. Higest praise and commendation is due members of the local AAUW who spent hours, days and weeks of hard work to make the festival a success. An orchid to each and every one of them! The ladies of the AAUW group extend most sincere thanks and appreciation to all who aided in making the big show the huge success it was.

From Mrs. Bert Anderson I learn that the benefit Swedish Concert, staged recently at Pineland Bowl, netted a tidy $206 which was divided between the Tahoe City Volunteer Fire Department and Clarence "Butch" Beavers of the Tahoe Park Campgrounds. Fire Chief Al Henry Jr. can now buy some much needed items for his fire department and Butch will apply his sum to a projector on which to show to local organizations some of the excellent and instructive pictures which may be obtained through the Forest Service. Nice going, Mr. Beardsley, and your Pineland neighbors.

Leave you for the week with a cheery adios to one and all, as ever, Swanee.

Bishop Porter Officiates At Wedding Saturday

TAHOE CITY— Rt. Rev. Bishop Noel Porter of the Episcopal Outdoor Chapel officiated at the wedding on Saturday morning, July 21, of Miss Carol Woodward Hazeltine of San Rafael to James Edward Barnes of San Francisco. Members of both families and a group of intimate friends witnessed the ceremony in the outdoor chapel which was decorated for the occasion with white gladiolas. Peter Gibson, the chapel organist, played the wedding march.

Up from South—

Guests for five days at the lakeshore home of Mr. and Mrs. Albert Stevenson and their daughter, Mrs. Ethel Severson, residents of San Diego, were Dr. and Mrs. B. L Dummit of Long Beach.

Zimmerman Guests—

Mr. and Mrs. J. C. Hale and daughter, Marsha, have been enjoying a vacation at the home of Mr. and Mrs. Rudolph Zimmerman at Sunnyside. Hale returned to his business in San Francisco, returning for weekend visits, while his wife and daughter remained on at the lake.

JUDGE VERNON KEPT BUSY, FINES LEVIED FOR FISH VIOLATIONS

TAHOE CITY— Justice of the Peace C. W. Vernon of Tahoe City is continuing to "bear down" on those who violate the fishing regulations in the Lane Tahoe area.

On July 20 John Vasquez of Dixon was fined $50 after he pleaded guilty to possession of more than the lawful number of fish in his creel. Vasquez, his wife and son went fishing in the Rubicon River and in his excitement at having such good fortune, he "forgot" to keep accurate count of his prize trout. He possessed 50 trout, when he should not have had more than 45, or 15 each for himself, his wife and son. He was cited by Patrol Captain Bill LaMarr.

Heaviest fine of the season so far went to Mrs. R. L. Coleman of San Francisco, who is vacationing at Carnelian Bay. She pleaded guilty in Judge Vernon's court on July 16 to having two set lines baited with minnows on a lakeshore pier and also to fishing without a license. She received a fine of $225 on the first count and $25 on the second, making a total of $250.

Charles Allen Haine of Oakland paid a $50 fine for having a set pole on a lakeside pier. He appeared on July 16 after being cited by Warden Tom Borneman.

Cecil E. Pitts of Sacramento was arrested by Patrolman Tom Sheehan on the 20th for being intoxicated in a public place and appeared in Judge Vernon's court. He was fined $100 and was taken to the county jail at Auburn to serve a 50 day sentence in lieu of the fine. Lester Briggs received the sam sentence for the same offense following his arrest by Constable Harry Johanson of Tahoe City. He too is in the Auburn jail in lieu of payment of his fine.

Organ Recital on Sunday At Tahoe Chapel

TAHOE CITY—Bishop Noel Porter announces this coming Sunday, July 29, that in addition to the regular Sunday morning services, there will be an organ recital by Peter Gibson, the organist, at the Episcopal Outdoor Chapel between 4 and 5 p.m. All lovers of good music are invited to attend.

The Visitors' Register at the Episcopal Chapel so far this summer reveals visitors from 26 states and five foreign countries, according to Bishop Porter.

L. A. MEDIC BETTER AFTER ATTACK WHILE ON LONE HIKE

TAHOE CITY— Dr. S. P. Danno, prominent Los Angeles physician, suffered a heart attack on Friday afternoon while climbing alone the steep, rugged trail above Meeks Bay on a fishing trip to the upper lakes. He was found, some time later, face down on the trail and unable to move, by Charles Dalke of Oakland, who was going fishing with his brother Clarence and Al Davidson, campers at Meeks Bay. Charles Dalke returned to Meadow Park Resort, phoned Dr. C. B. Pedersen at Tahoe Tavern, secured a horse from Meeks Bay Stables and a stretcher.

Dr. Pedersen and Dalke returned along the trail to the spot about three quarters of mile from the Girl Scou Camp, 2½ miles from Highway 89, to the patient. Dr. Pedersen administered a stimulant and Dr. Danno recovered sufficiently to walk out under his own power. He was met half way down the trail by his wife, who had been notified of his illness.

Latest reports indicate that Dr. Danno is resting comfortably at the Murphy cabin at Meeks Bay, where he, his wife and daughter are vacationing.

Warner Guests—

Mr. and Mrs. Orsino Smith of Bell, Calif., enjoyed the weekend as guests of their son-in-law and daughter, Mr. and Mrs. Charles Warner of Tahoe City.

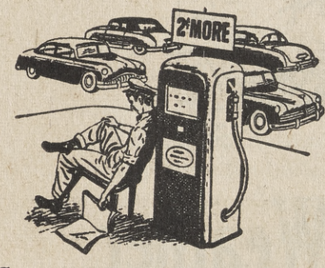
"Don't you big oil companies get together to set prices?"

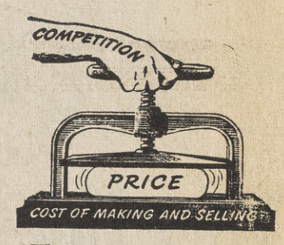
The question of gasoline price *affects every motorist: Standard Oil Company of California receives some letters along these lines: "When I drive downtown, the prices of all the major gasolines seem to be about the same. I've heard it said that the major oil companies get together to set prices. Isn't this true?"*

The answer is an unqualified NO. Oil companies do not get together to set prices, nor do we in any way set prices by agreement. But we do think it's in order to tell you about gasoline prices and how they're arrived at:

When you shop you find not only gas but many products of the same kind and about the same quality priced about alike. Prices just naturally tend to even up. Here's why—

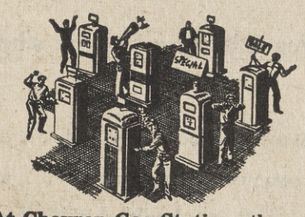


Suppose a gas dealer were forced to sell at 2c a gallon more than his neighbors. Business would soon pass him by. Or suppose he had to sell for 2c a gallon less, still giving full quality and service. As his competitors cut price to hold customers, his income falls. In time he would go broke.



These imaginary examples of set-price policy show what any gas seller is actually up against. He must sell for enough to cover his costs and make a living, yet if he charges too much he'll drive business away. It's as simple as that.

We "set prices" only at stations we own and operate—Standard Stations, Inc. Experience shows what to charge to cover cost of product and service, yet sell in competition.



At Chevron Gas Stations the operators are completely independent. They make up their own minds about price. You occasionally see a range of gasoline prices for the same or different brands in a single area, until competition finally forces the prices of similar products and services back to a common level.

The result: better products at low cost, the benefit you always get when free competition is allowed to work. Note this: aside from taxes, and in spite of inflation, gasoline today costs about what it did in 1919, yet two gallons now do the work that required three then.

I'd Like to Know . . . Many people write to Standard asking pertinent questions about the Company. We answer all letters individually, but some points seem of general interest. We take this way of discussing them for everyone. If you have a question, we urge you to write in care of: "I'd Like to Know," 225 Bush Street, San Francisco 20, California.

INTEREST IN TAHOE IS WORLD WIDE, TAHOE-SIERRA FINDS

TAHOE CITY—The Lake Tahoe-Sierra Association meets at Homewood Resort today. A cocktail hour preceded the noon luncheon.

Of considerable interest is the report made this week by Mrs. Ruth Droste, secretary of the association, who declares that 24,800 travel folders of the Lake Tahoe area have been distributed since January 1 and that $610.99 has been spent by the association between May 1 and July 19 for newspaper and magazine advertising of the Tahoe vacation region.

Resort owners were extremely interested in the manner of distribution of the folders which are sent anyweher in the world by the association upon request. The following record shows the calls made from the various states and nations for this year:

In the United States: Nevada, 3317; New York, 389; Texas, 268; Oregon, 241; Washington, D. C., 206; Michigan 222; Utah, 201; North Carolina, 183; Ohio, 129; Pensylvania, 117; Illinois, 105; Missouri, 65; New Jersey, 60; Massachusetts, 58; Washington, 56; Minnesota, 43; Wisconsin, 34; Iowa, 21; Indiana, 18; South Dakota, 16; Alabama, Nebraska and Oklahoma, 12 each; Connecticut, Kansas and Kentucky, 11 each; Maryland, 10; North Dakota, 8; New Hampshire, 7; Louisiana, 6; Virginia, 5; Colorado, Idaho, Montana and West Virginia, 4 each; Arizona, Florida and Mississippi, 3 each; Maine, Rhode Island, South Carolina, Tennessee, Vermont and Wyoming, 2 each; Arkansas, Georgia and New Mexico, 1 each. Delaware was the only state in the union which did not request a folder. Northern California requested 1,759, southern California 3,495 and an additional 3,750 folders were distributed around Lake Tahoe.

Other nations sending in requests included Canada, 55; Belgium, 8; Switzerland, 6; Spain, 5; Hawaii, 2; England, West Africa, Nigeria, Hungary, Philippines, Cuba, Iraq, Argentina and Mexico one each.

Return to Oakland—

Mr. and Mrs. Charles Haine and small son, Scotty, have returned to their Oakland home following a two weeks vacation at the home of maternal grandparents, Mr. and Mrs. Bert Scott, on the lakeshore near Tahoe Park.

MEMORIAL LIBRARY OPEN TO PUBLIC WEDNESDAY, AUG. 1

TAHOE CITY— The new Julia Bechdolt Memorial Library at Tahoe City was scheduled to be completed Wednesday, July 25, and will be open for inspection by the public all day and evening Wednesday, August 1, according to Mrs. Ruth Hoffman, local librarian.

Formal dedication ceremonies will await the completion of the bronze plaque which will be installed near the entrance in memory of the late Mrs. Bechdolt, wife of Carl Bechdolt Sr.

Library hours will remain the same as at present, 1 to 4 p.m. on Mondays and Saturdays, 7 to 9 p.m. Wednesday evenings until September 1.

CATHOLIC BAZAAR SET AUGUST 30; TICKETS GO ON SALE

TAHOE CITY— Tickets are on sale this week for the Grand Baz aar and Buffet which will be given at Kings Beach on August 30 for the benefit of the Catholic parish embracing Truckee, Tahoe City and Kings Beach. The exact locale of the big party has not yet been determined but announcement will be made as soon as the selection is made.

Gifts to be presented include a new Henry J DeLuxe car, a 12 foot deep freeze and many other attractive and useful articles.

VENEZUELA GUESTS ENJOY FEW DAYS WITH TAHOE KIN

TAHOE CITY— Visitors from Saturday to Monday at the Lake Forest home of Mr. and Mrs. Ivan Wilson were Mr. and Mrs. Eugene R. Critchett and children, Eugene Jr. and Kathryn, of Maracaibo, Venezuela. Critchett is the brother of Mrs. Wilson and has not seen members of his family for three years. He is employed as a geologist for the Standard Oil Company of California and has been with them for the past seven years at Venezuela. He works for 34 months and is then allowed a two months vacation.

The family flew to New Orleans where they purchased a new car and trailer in which to make their ramblings over the United States to visit family members. Others they have visited so far are his parents, Rev. and Mrs. Carl Critchett, and his brother-in-law and sister, Mr. and Mrs. George Youngberg, of Santa Ana.

Many sightseeing trips were made during their short stay, one to Fallen Leaf Lake on Sunday where they visited old friends, Prof. and Mrs. George McCullen. A motor boat ride was enjoyed on hte lake before reutrning home. On Saturday night the entire party had a trout dinner at Lakewood Lodge, Homewood.

They enjoy their life in Venezuela, where they plan to reside for at least another seven years. U.S. products are high but their homes are comfortable and the weather is mild the year around.

They are en route now to Sheboygan, Wisconsin, where they will visit with her mother, Mrs. O. A. Fiedler and a brother.

L. A. Art Teacher—

Frances Kirk, retired art teacher of Los Angeles, is a guest at the Ivan Wilson home for several weeks.

2ND ANNUAL RODEO SLATED SUNDAY AT SCATES STABLES

TAHOE CITY— The second annual Rodeo will be held at the grounds of the Bob Scates Stables at Tahoe City on Sunday, July 29, starting at 2 p.m. Some of the finest riders of the west will be seen in action for the saddle bronc rding, bareback horse riding and mule riding, with other exhibitions to include wild cow milking, wild cow scramble, calf roping and other stunts.

There is plenty of parking space and a grand time is guaranteed. Last year's rodeo was pronounced a real success and this year's show promises to be even better.

A. A. Snyders Embark On Alaska Visit

TAHOE CITY— Mr. and Mrs. A. A. Snyder of Lake Forest sailed on Thursday night from Vancouver for a vacation trip to Alaska. They accompanied house guests Mr. and Mrs. Chub Harvey of Roseburg and Bess Frasier of Klamath Falls, who had visited at the Snyder's Tahoe home for two weeks, when they returned to their homes in Oregon. The Snyders will return to Lake Tahoe around August 10, according to present plans.

MANY MEDIA USED TO SPREAD WORD OF LAKE'S WONDERS

Lake Tahoe's incomparable beauty and activities were captured in moving color last week by Standard Oil Company's noted motion picture cameraman, Harold Zell of San Francisco. Arranged by the Lake Tahoe Chamber of Commerce and sponsored by Standard Oil, the film will be shown in theaters and at service clubs throughout Washington, Oregon and California. Activities filmed by Zell included water skiing, fishing, horseback riding, and the Squaw Valley sky chair in action to name but a few. The film processing is being handled by the Motion Picture Service Company of San Francisco.

Upwards of 300,000 readers of the Long Beach Press-Telegram will soon see outstanding winter scenes of the "Emerald of the Sierra" in the newspaper's magazine, Southland. At the behest of the Press-Telegram, the Tahoe chamber forwarded the best black and white photographs available.

Along similar lines to familiarize Americans with the wonders of the area, the chamber to date has mailed out approximately 12,000 brochures to chambers of commerce in the Pacific Northwest, California and to automobile clubs in Illinois, Michigan, Pennsylvania and New York.

The chamber has established an information booth at Tahoe Valley on Highway 50. In a joint agreement between the Tahoe and Truckee chambers, the booth which was operated at Tahoe City last season is being moved to the junction of Highways 40 and 89, a mile west of Truckee.

The 1951 board of directors of the Lake Tahoe Chamber of Commerce held its first regular meeting on July 12. Plans were laid for committee appaintments in the near future. Committees to be filled include fish and game, publicity, legislature and taxation, special events, tourist and convention, membership, and ways and means.

Forest fires each year cost millions of dollars! Don't start one! KEEP OUR FORESTS GREEN AND GROWING!

Peak of Fire Season Looms; Last Year's Losses Heavy

SACRAMENTO— If all the forest fires in California last year had burned in an area one mile wide along U. S. Highway 101, the burned area would stretch from San Diego to near the Oregon line. It would be 865 miles long and a motorist would need about two days to drive through the 553,400 acres of devastated wild land.

Other state-wide totals of wildfire destruction in California in 1950, according to a study made by the California Division of Forestry and the U. S. Forest Service, announced today, are:

Costs and damage totaled $25,023,000. The costs were $15,061,000 spent by all agencies on prevention, hazard reduction, fire detection anw fire fighting. These efforts protected 50 million acres of forest, range and watershed lands and held down the damage to a bookkeeper's total of $9,962,000. The books don't show additional damage, such as the upsetting of normal water flow, the destruction of recreational values or the future shutdown of wood using industries whose timber sources have been diminished.

Human Carelessness

There were 4,766 forest and range fires. Human carelessness caused 3,392 of them, or 71 per cent. Lightning caused the others.

Smokers were the leading cause of man-made fires (972). Second came causes listed under "miscellaneous" (summer cabin fires, power line failures, children with matches, auto exhaust sparks, etc.). Next in order were debris burning, incendiarism (276 fires), railroad operations, lumbering and campfires.

State Forester DeWitt Nelson and U.S. Regional Forester Clare Hendee pointed out, "All these fires damaged resources which are vital to defense production. The mountains and foothills in which these fires burned supply most of the water for California's cities, agriculture and industry; most of the wood for its construction jobs and wood using industries; most of the range feed for its cattle and sheep; the habitat for fish and game; and the enjoyment which millions of people derive from mountain recreation."

Some Progress Made

The forestry heads stated that 1950 was a year of critical burning conditions and tremendous burned area. However, the number of fires was not much above average. The number of fires in California has leveled off since 1946 instead of incerasing with the state's population, lumbering and recreational use of forests. This progress was attributed to increased public support of the forest fire prevention campaign.

The 1950 statistics were compiled from all agencies protecting forest and range lands — federal agencies, the California Division of Forestry, six county forestry departments and some local fire districts. They and public-spirited cooperators conduct the yearly campaign for reduction of man-caused fires through use of leaflets, posters, press and radio bulletins, and other messages. The agencies maintain the protection force of lookout guards and stand-by crews; they conduct hazard reduction, such as roadside burning; and they attack fires with all the speed, strategy, skill and ingenious equipment that can be marshalled. The man power they muster is a trained force of limited size, augmented by lumber company crews, ranch hands, locally hired labor, American Red Cross disaster units and, in emergencies, detachments from the armed forces.

"Cooperation between all agencies reached a new peak in the stress of 1950," Nelson and Hendee stated. "Boundaries were forgotten. On larger fires, the several agencies concerned pooled their forces for combined operations."

Looking to the 1951 season, they reported that burning conditions in the state this year are as critical as last year. They stated that a dry cycle which began in 1945 is continuing, and is having a cumulative effect in drying brush and other forest fuels. The peak danger is yet to come in the driest months —August, September and October.

YOU Can Prevent 'Em

To prevent another year of heavy losses like 1950, the foresters urge Californians and guests to use four simple rules:

1. Feel your match before you drop it.
2. Crush out your tobacco butts or pipe heels in mineral soil. When driving, use the ash tray.
3. Drown your campfire, stir it and drown it again.
4. Before burning brush or trash, get a permit from the nearest fire protection officer.

COUNTY REFUSES TO ABANDON ROAD NEAR TAHOE CITY

AUBURN— Supervisors of Placer County have denied a petition to abandon the Miramar Heights road near Tahoe City, following a public hearing here last week.

The board infiormed petitioners they consider the road a portion of the old county system and desire to retain title because it gives access to Lake Tahoe.

The supervisors also voted to inform constables they should be on the look-out for overloading violations by logging trucks in the Soda Springs-French Meadows district, where complaints were made by summer residents.

4H CAMP AT LAKE

FALLON— Churchill County 4H clubbers look forward to the annual 4H club camps at Lake Tahoe which begin the end of this month.

Senior camp for members 15 through 21 is Monday, July 30, to Saturday, August 4. Junior camp extends August 6 through 9 for youngsters in the 10-14 age group. Each county will have softball and volleyball teams competing. Other activities include hiking swimming and arts and crafts.

TAHOE WEATHER

TAHOE CITY— Oberserver A. E. Frodenberg reports that the beautiful summer weather at the lake continues, with the following daily high and low temperature readings for the week ending on Monday:

July 16th: 81, 38; 17th: 85, 45; 18th: 84, 50; 19th: 80, 49; 20th: 76, 51; 21st: 73, 43; 22nd: 80, 44; 23rd: low 46.

With 13 gates open, the lake level on Monday stood at 6228.6 feet.

This one says You've Arrived
HERE pictured is an automobile that may well be the fulfilment of any man's dream of a fine motorcar.
For you've a right to expect, when you pay a fine-car price, that your money will buy more distinction, more comfort, more performance than are to be found in vehicles of lesser worth.
So mark well the things that a ROADMASTER offers.
No other car on the American scene has a prouder bearing.
No other automobile has more spacious dimensions, more luxurious comfort, or finer appointments.
No other car has a ride more serenely smooth on curve or straightaway, highway or byway.
And no other car, at ROADMASTER'S price or above, has Dynaflow, and the supreme command of every traffic condition which it provides.
So you, at the wheel of Buick's biggest and best, have a right to feel distinguished.
But there's a joy of possession which goes deeper than visible things.
There's the feel of a power plant as brilliantly eager as this great car's valve-in-head Fireball Engine—and the satisfying companionship of a brawny traveler instantly responsive to your every wish.
And there's one thing more, which only ROADMASTER can give you in such generous measure. That is the pride of a wise investment, based on the fact that this car stands alone in price per pound, among fine cars similarly equipped.
So why not take that very important first step—and come in and see us soon?
Equipment, accessories, trim and models are subject to change without notice.

SUMMIT SCENE

by FRAN COUILLARD

With a nice summer business sitting in our laps and our minutes and hours gorged with overwork, we carress the keys of our cash registers and mesmerize ourselves into the belief that tomorrow will take care of itself. Thus far it never has. We have always visualized an organization in northern California and western Nevada that would place a progressive citizen from this area on the fish and game commission, one that could get some kind of a wedge in the state highway commission. We worked long and hard on a little portion of a strip which was to be called the Emigrant Trail, that portion being from Donner Lake through this area and but a small link in a thain that would punctore sixty miles of our glory and be an avenue for several thousands of horsemen and hikers who scan the horizon for trails. We casually mentioned in this valve, some weeks ago, that no more money was forthcoming for the pursuance of the surveying and marking of this trail. We haven't had a single inquiry as to how we should go about getting further subsidiation for the avenue, nor heard a single expressed regret that the project has been abandoned. We are the registrar of voters in our area. One of the questions we ask is "your party?" The rightful answer shouldn't be non-partisan, nor Republican, nor Democrat—it should be the "Donner Party". Even they struggled through, however, and were not content to remain dormant while civilization and progress swirled around them. But no matter. Winter will be upon us; we will be slapped in the face with the first snow flurry and our eyes will bug in amazement as we realize that here is another season and no collective preparation has been made for heralding the most glorious heights of them all!

Our young operators, Maria and Jack Patten, are Africa bound. The kids have an itinery planned that we like to dream about. Sometime, in the near future, they fly to New York, thence to Cairo, thence to Nairobi in Kenya. They will be bone for a delirious two months which will include African big game hunting. Maria's brother will be the host to these tow intrepids.

Barbecued steaks at Ice Lakes last Sunday evening were the lure that trapped Frank and Katie Johnson into admitting that they plan to spend a three weeks vacation at Ice Lakes in the near future. Frank and Katie (he a Western Union executive stationed at Roseville) spend practically every weekend up here anyhow and Bill Rutehford's barbecue pit's delicious odors clinched a wavering decision as to where to go. Incidentally, just saw a folder published by Camp Beale yhich definitely states that Ice Lakes is the "official" playground for the Camp Beale boys. Bill expects a whole regiment of the boys very shortly.

Stuck our head in at Donner Summit Lodge smorgasbord last Saturday night and thought that Truckee had moved up to the Summit. Saw about 50 Truckeeites and learned that a combination birthday jamboree was in session with Tom Buell, Dorothy Stice, Bill Englehart Sr. and Lucille Little the honorees. Four of Margaret Merrill's delicious pound-adding chiffon cakes were on display for a while before they were devoured. Understand the group was entertained at the Buells' beforehand.

Bud Horak's annual Latter Day Saints' conference gets underway this week, to break up on Sunday. Rainbow and Beacon Hill Lodge help accommodate some of the 200 guests who come to confer. Saturday night Bill Rutherford takes over at Ice Lakes with an outdoor bake. Bud also rings the bell when a couple of bus loads of San Jose State College students will stop at his place by the side of the road for luncheon on their return from Washington, D. C. One bus on Saturday, another on Sunday.

Childish laughter floating thru' the breezes reminds us that Camp Pahatsi is in full swing again for the summer. About 80 Boy Scouts so. Scout Troop No. 32 of Sacramento took over the Cisco region recently, while further down the hill toward Emigrant Gap, Harrison Ricksacker's Marin group of Scouts hold bivouac in Bear Valley, making all in all several hundred Boy Scouts who breathe the summer air of the high Sierra.

Soda Springs Hotel's new, peaceful, elegant and calm atmosphere caters all day long to dining room trade these days. Understand that Sally (Feathers) Rand, who is an old friend fo the Chaplins, will spend a few hours with the Chaplins on her return from her Lake engagement. The first thing that anyone says to us when they come up to the mountain is "let's go and see the new Soda Springs Hotel" We feel like a guide. Hammers pounding overhead make us anxious to see how the rest of this edifice is going to look. Son Bob Chaplin leaves shortly for the San Rafael Military Academy.

Beacon Hill's pool, still an accommodation for the Beacon guests, remains wide open to the natives also. Looks like a real resort area when one sees bathing suit clad figures with towels and "diddy bags" over arm strolling along the highway toward an afternoon swim. Some of the most beautiful sun tans we have ever seen are accumulated around Elmo's pool. The best of these being Bud Zorich, Eleanor and John Johansen and Barbara Bigelow. It goes without saying that the Buelks, one and all, are all done to a turn. Jeannie Moriano takes hers in "stripes" and is busy trying to get the stripes to match the rest of her tan.

LITTLE KOREAN PREFERS THE ARMY—The plight of hundreds of orphans and homeless children is one of the heartrending tragedies attending the Communist invasion of Korea. American Soldiers in all branches of the Armed Forces have provided food and shelter for these pitiable waifs.

This photograph, made in Korea early in June, furnishes the wordless story of a little child abandoned in a village last winter. She was found by 1st Lt. William Doernbach, of Egg Harbor, N. J., and later turned over to an orphanage. Recently she ran away from the asylum and rejoined Lt. Doernbach in Seoul. Here he comforts her with the assurance that she wil be cared for in a place more to her liking.

Thousands of Korean children have been rescued by American Armed Forces. Every effort has been made to provide the waifs with food and shelter, and still further provision has been made for their welfare.

PLUMAS FAIR WILL FEATURE TESTS OF WOODSMENS' ART

Lumberjacks from California, Oregon and Washington are sharpening their axes for the Pacific Coast Logging Championships billed as a highlight of the Plumas County Fair at Quincy Saturday, August 11, Chairman Link Peckinpah reported this week.

Interest is mounting in the titular woodsmen's program that will feature 12 big events and is expected to break all attendance records at the county fair.

The complete program released by Ben Buus and Tom Addison, chairmen of the rules committee, follows:

Hand chopping; axe throw, average of three throws, 20 ft. minimum; shaving act; hand bucking; log hoisting; lightweight limbing, one man saw, 12 inch log; bucking, one man saw, 26 inch log; log rolling; limited two-man saw, 46 inch log; unlimited two-man saw, 54 inch log; bull of the woods; tug-o-war (trigger, flags, five minute pull).

Of the several innovations at this year's championship, log rolling is expected to steal the show in the opinion of some timbermen.

Slim Hall, one of the stars who gets a free shave with a double-bitted axe, maintains however, that the shaving act will give the customers more chills. Slim said this week that he doesn't want anyone to get the impression that he is trying to "hog" the show. "Anyone is invited to take the next chair and we'll see who gets the fastest shave," Slim challenged.

MUSIC EVANGELIST AT TAHOE FOR ADVENTISTS' MEET

LAKE FOREST— Singing Evangelist Royal Reid will be leading out in all of the music to be provided at the interstate Seventh-day Adventist convention, which is to open tomorrow (Friday) night at Lake Forest at 7:30 o'clock.

Coming from southern California, Reid will have full charge of the music which will be provided at the various meetings of the convention. For several years, he has been associated with Evangelist Andrew C. Fearing, who is leading out in this convention, which will bring them together in their work once again.

The services, beginning tomorrow night, will continue each evening, as well as during the day, when various prominent Seventh-day Adventist speakers will be present. On the opening night, J. I. Robinson, associate secretary of the denomination will speak. On Saturday, Sunday and Monday evenings, Paul Wickman, the director of the radio work for the denomination will speak.

Being delivered from a Japanese concentration camp by American forces will be vividly portrayed on Tuesday night by Dr. L. M. Stump, who experienced it personally and who is now the principal of the Lodi Academy in Lodi, Calif. On Wednesday night, Evangelist David Olson of southern California will speak.

The public is invited to attend all of these services, which will be held on the Methodist Campground at Lake Forest on the edge of Lake Tahoe.

13 WIN EXCLUSION FROM ANNEXATION IN SUMMIT DISTRICT

NEVADA CITY— The Nevada County board of supervisors voted unanimously to exclude 13 protestants who asked that their properties be left outside a proposed annexation to the Donner Summit Public Utility District near the crest of the Sierra Nevada along highway 40.

The 13 made formal protests before hearing dates on the district but at the supervisors' session Tuesday more than 40 additional property owners voiced protests.

The supervisors adopted a resolution asking the district board to consder the latter protesting group.

The district directors are concrened with the development of an unpolluted water supply and a sewage disposal problem, presently handled individually by the resort and land owners.

The district seeks to broaden its tax base so that water and sanitary benefits may be spread to more persons and not work an undue hardship on the smaller group in the original boundaries.

Morgan Stewart, sanitary engineer with the state health department in Sacramento, called attention to the seriousness of the situation and said the condition is not being corrected fast enough to suit the state agency which has ordered changes for several years.

He said a mobile laboratory is in the Donner Summit area taking tests and samples of drinking water.

Nevada Places More Law Men in Tahoe Region

Because of speeding and other traffic violations, coupled with a holdup which occurred recently, four Nevada State highway patrolmen started patroling the Lake Tahoe highway from Stateline to Glenbrook Monday night.

State officials announced this week that the state officers will be kept on the job indefinitely with from one to four operating in cars on the Tahoe highway in Nevada. That could extend from Stateline on the south to Crystal Bay on the north, along the eastern shore of the lake.

EAST ENDERS ASKED TO PARTICIPATE IN '51 COUNTY FAIR

GRASS VALLEY— The attention of eastern Nevada Countyans was drawn to the Nevada County Fair to be held September 13 thru 16 in Grass Valley by an announcement made this week by Manager Loyle Freeman that entries far exceed the number received by the same time last year.

Freeman stated that interest in the fair this year is greater than last, as shown by a large number of early entries in the competitive divisions and introduction of a full fledged arts and crafts exhibit, dog show and horse show.

Participation is being drawn from many more county communities and areas than usual, Freeman said, adding that there is much that eastern Nevada County can contribute in making the 1951 exposition the best in history.

Freeman urged persons and organizations interested in participating to contact the fair office in Grass Valley by writing to Box 1104, Grass Valley.

The Orcutt oil field, near Lompoc, was discovered in 1900 and is still producing.

SHEEHAN TELLS ROTARY ABOUT KILLERS IN CARS

The guest speaker of the Truckee Rotary Club's meeting Monday night was T. F. Sheehan, state highway patrolman of Tahoe City. His address was entitled "Highway Safety."

Giving many interesting, common sense facts on the every day traffic violations, Sheehan stated that the No. 2 killer on our highways was the head-on collision, passing on blind curves and over crests of hills. The No. 1 killer is excessive speed, he said. President William Curran introduced the speaker.

There were two Rotarians that sat at the birthday table. These were Rex Reid and Tom Buell. They enjoyed a birthday cake made by Mrs. Dolores Curran.

Guests at the meeting were H. D. Stark, Tahoe City; Fred Jacobsen, Sun Valley, Calif.; J. B. Waggoner, Stan Songer, Norel Thornburgh and Fosten Wilson, all of Truckee.

Curran announced there will be a joint meeting of members of the Truckee club with Loyalton Rotarians July 26 at 7:30 p.m. in Loyalton. This is an annual barbecue. Thus there will be no meeting at Donner Lake Lodge for the local club July 30. The next regular meeting will be on August 6.

Former Schoolmate Visits At Oscar Schumachers'

Mr. and Mrs. Oscar Schumacher were recently surprised by a visit from Mr. and Mrs. Ed Linn of Iola, Wisconsin. The two women were school mates in the eastern state.

Mr. and Mrs. Delbert Frisch of El Cerrito, the former a nephew of Mrs. Schumacher, whom she had not seen for ten years, were also guests of the local couple.

While at a Paradise Grange meeting recently, Mrs. Schumacher met Mrs. George Moore, formerly of Truckee, and her sister, Mrs Kiley of Termalita. The latter played in the kitchen band at the meeting.

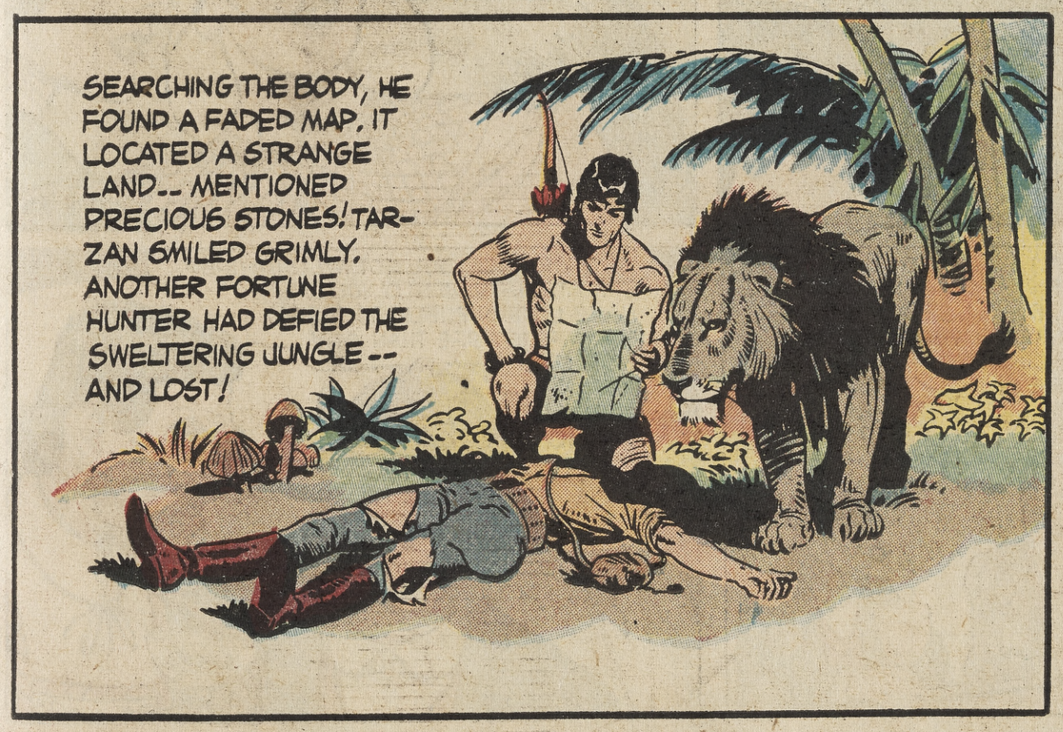
Tarzan®

by EDGAR RICE BURROUGHS

AFTER GETTING HIS REVENGE ON THE HUNTER, NUMA SAW A PANTHER CREEPING TOWARD THE FELLED APE-MAN. FURIOUS, THE LOYAL BEAST LEAPED TO PROTECT HIM!

INCREDIBLE! YET THIS MASSIVE FELINE HAD WILLINGLY SAVED TARZAN'S LIFE! THE APE-MAN STROKED THE LION, THEN WALKED OVER TO INSPECT THE WHITE INTRUDER.



SEARCHING THE BODY, HE FOUND A FADED MAP. IT LOCATED A STRANGE LAND-- MENTIONED PRECIOUS STONES! TARZAN SMILED GRIMLY. ANOTHER FORTUNE HUNTER HAD DEFIED THE SWELTERING JUNGLE -- AND LOST!
